### Kentucky's New Home for Driver Licensing

The Kentucky Transportation Cabinet (KYTC) is streamlining the driver licensing process. Soon, all Kentuckians will visit Driver Licensing Regional Offices to apply for or renew a driver's license, permit or ID card instead of visiting the Office of the Circuit Court Clerk in their county of residence.

This change follows the passage of Kentucky [HB 453](#) in 2020, which transferred licensing responsibilities to KYTC from the circuit court clerks.

KYTC will gradually take over all in-person licensing responsibilities from each of the 120 circuit court clerks. Licensing will be our only business. Kentucky State Police will continue to oversee all written and road testing.

This transfer of services will be complete by June 30, 2022.

A list of counties that have already transferred, as well as a list of anticipated dates in select counties, can be found at [drive.ky.gov](https://drive.ky.gov).

## REAL ID

When federal enforcement of the REAL ID Act begins on May 3, 2023, Kentucky's current standard licenses will no longer be accepted to board U.S. flights or enter restricted federal facilities, like military bases, nuclear power plants or the White House.

Kentucky REAL IDs are federally compliant versions of state driver's licenses, permits or IDs that display a black star. It has all the benefits of a standard credential, plus is accepted at TSA checkpoints for domestic air travel, military base entry and any federal building that requires identification.

Other forms of REAL ID-compliant credentials, such as U.S. passports or U.S. military IDs, may also be used to maintain these travel and access benefits.

Kentuckians who are U.S. citizens or permanent residents may apply for a REAL ID at any Driver Licensing Regional Office across the state. Obtaining a REAL ID for the first time requires applicants to apply in-person and present specific, required documentation.
