STATE OF EMERGENCY

Beginning on July 26, 2022, a severe weather system generating multiple rounds of heavy torrential rain, creating flooding, flash flooding, mudslides, and landslides impacted the Commonwealth of Kentucky, creating dangerous conditions and damage to public infrastructure, utility distribution systems, and private properties.

These conditions endanger public health and safety and public and private property;

The severe weather system took the lives of 39 Kentuckians and left hundreds of our citizens without their homes and belongings. The flooding caused hundreds of millions of dollars in property and infrastructure damage, leaving mud and debris that must be removed so rebuilding can begin;

State and local governments share responsibility for the protection of public health, safety, and security, as well as for the protection of public and private property and for taking appropriate actions to ensure the provision of essential public services;

On July 28, 2022, I signed Executive Order 2022-457, declaring a state of emergency in the Commonwealth of Kentucky under the Kentucky Constitution and KRS Chapter 39A. The next day, the President of the United States declared that a major disaster exists in the Commonwealth and ordered federal aid to supplement state and local recovery efforts;

Subsequently, I signed related emergency orders relating to price gouging (Executive Orders 2022-460 and 2022-504), the dispensing of pharmaceuticals (Executive Order 2022-463), unemployment insurance claims and benefits (Executive Order 2022-471), and the suspension of certain statutory fees for duplicate state-issued operator's licenses, instruction permits, personal identification cards, and motor vehicle registrations and certificates of title (Executive Order 2022-473 and 2022-512);

Under KRS 39A.090(2)(b), the state of emergency declared under Executive Order 2022-457 and subsequent executive orders set forth above may exceed 30 days if requested by a chief executive officer or a legislative body of a local government, only for that local government and only for the period of time requested by the chief executive officer or legislative body; and

Thirty-three County Judge/Executives, two Mayors of consolidated local governments, and three city Mayors have written letters requesting that I extend through January 15, 2023, Executive Order 2022-457 and the subsequent executive orders relating to price gouging, the dispensing of pharmaceuticals, unemployment insurance claims and benefits, and the suspension of certain statutory fees for duplicate state-issued operator's licenses, instruction permits, personal identification cards, and motor vehicle registrations and certificates of title. These letters are attached to this executive order and are adopted and incorporated by reference herein;
